Country of origin	China
Carton	200 pieces

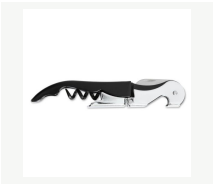

DESCRIPTION

The Lucy sommelier is a practical kitchen utensil in stainless steel, designed for smoothly opening bottles with its double corkscrew and folding foil knife. Its elongated ergonomic shape provides a secure grip and precise control when extracting corks. Compact dimensions (12 x 1.5 x 1 cm) make it easy to store in a drawer or with serviceware. Care is straightforward: rinse and dry; avoid the dishwasher to protect the finish.

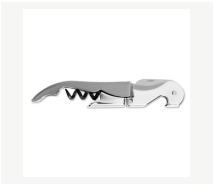

The two-step lever mechanism and folding blade are useful features for hospitality use — restaurants, bars and events benefit from quick operation, a sturdy lever and accurate cork engagement that reduce the chance of cork breakage. The metal construction enhances long-term durability.

Customisation options include pad printing and laser engraving, making this sommelier suitable for companies, hotels, restaurants, associations and corporate gifts. Minimum order: 100 pieces (colours and sizes combined). Ideal as a promotional gift or service accessory. personalised kitchen utensil
