DESCRIPTION

The Flapa business bag is a practical document carrier designed for paperwork and a small laptop. Rectangular, structured cut in 600D polyester (PET) with a top carry handle and an adjustable, removable shoulder strap — easy to wear over the shoulder or crossbody. Dimensions 40x10x32 cm provide useful capacity without bulk; the tightly woven material is straightforward to care for.

The flap secures the front with two discreet plastic buckles and a front zip pocket offers quick access to pens, cables or cards. Reinforced stitching at stress points and a lightly padded handle improve durability and carrying comfort.

Available as a personalised sac business using flex, screen printing on objects, multicolour transfer or DTF printing, Flapa suits companies, sports clubs, associations, events and private customers. Minimum order: 13 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery to Belgium, France and Luxembourg.
