DESCRIPTION

The Amanta document bag, made from PET-PVC, provides a slim, practical way to carry documents and folders. At 37 x 3.5 x 27.5 cm it is sized for A4 paperwork and features a short top handle for easy hand carry. The material has a subtly textured finish that stands up to everyday use and wipes clean with a damp cloth.

The main compartment closes with a zipper across the top, shown in the photo, and the bag keeps a clean, minimalist profile without external pockets — convenient for slipping into a larger briefcase or suitcase. Neat seams and construction ensure the bag remains flat and professional for meetings and events.

This personalised document bag can be marked using screen printing on objects, multicolour transfer, DTF printing or flex to apply your logo. Ideal for companies, clubs, associations and event organisers. As an promotional item it is not sold per piece — minimum order: 50 units (colours combined); smaller quantities may be possible with additional charges. Free quote within 24 hours on weekdays and a graphics studio is available to vectorise your logo.
