Carton	250 pieces

DESCRIPTION

The Threecode travel accessory is a metal luggage lock with a 3-digit combination, designed to secure suitcases, bags and backpacks. Compact dimensions (8.5 x 4 x 0.9 cm) and a cable loop make it a practical, low-profile choice for travel. It is offered in 1 colour, for example matte silver. Care is minimal — wipe with a dry cloth to maintain the metal finish.

The rectangular body and visible number dials along the base allow quick code setting. The flexible cable loop adapts to different attachment points and keeps the lock lightweight and easy to store in a travel kit or bag compartment.

Make this personalised travel accessory with laser engraving or tampography to add a logo, name or ID. Suitable for companies, sports clubs, associations, events and promotional giveaways. Minimum order: 125 pieces (colours and sizes combined); lower quantities may be possible with additional fees on request.

COLOURS (1)

Matte Silver
