DESCRIPTION

Glass-fibre fire blanket supplied in a compact PVC pouch (33x18 cm): this car accessory provides a 95x100 cm blanket to smother small fires or protect a person whose clothing is alight. The glass composition gives the blanket structural stability; the pouch features a hanging grommet and two lower pull straps for rapid release of the blanket.

The pouch is neatly finished with a top metal eyelet for mounting in a vehicle or on a wall. Pull straps allow quick extraction and the PVC pouch protects the blanket from dirt and facilitates transport. Maintenance is minimal: wipe the pouch if needed and replace the blanket after use in line with safety guidance.

This product can be personalised for companies, vehicle fleets, clubs, associations or events. Possible marking techniques: flex, screen printing on objects, multicolour transfer and DTF printing. Minimum order: 13 pieces (colours and sizes combined). Free quote and graphic studio support available to prepare your customisation.
