DESCRIPTION

This 300 ml stoneware ceramic mug (Ø8 x 9 cm) features a clean cylindrical shape, a comfortable C-handle and a coloured interior and handle. The glossy surface is specially coated for sublimation, allowing sharp, durable prints. The Sublimcoly model is available in several colourways, for example blue, red or black.

The smooth finish and sturdy stoneware give the mug good day-to-day performance. Its straight profile makes printing across a vertical area straightforward. Diameter and height suit a standard beverage portion and the handle provides a secure grip.

Perfect for corporate gifts, events, clubs or retail, this personalised mug can be printed by sublimation, screen printing (object) or pad printing. Minimum order: 12 pieces (colours and sizes combined) — this item cannot be ordered per piece. We provide a free quote within 24 hours on weekdays and a design studio to vectorise or retouch your logo. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
