Dimensions	10.5 x 7CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Reusable oval hand warmer, model Lova, designed to provide heat without batteries. The pouch contains a liquid and an internal metal disc that you press to activate the warming reaction. Compact and flat (10.5 x 7 cm), it slips easily into a pocket or bag and is suitable for hands or targeted warmth.

The oval shape and flexible pouch conform well to the body. The unit resets after use by resting; the outer surface is smooth with no visible seams on the shown face, which makes it straightforward to print on. Follow the manufacturer's safety and care instructions.

Printable by pad printing, this oval hand warmer is appropriate for businesses, sports clubs, associations, events and corporate gifts. Minimum order: 50 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo for printing. A practical option as a promotional gift, personalised hand warmer for your campaigns.
