Reference	8532
Composition	MDF
Material	MDF
Average weight	0.27
Dimensions	17,5 x 12 x 3,4 CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

The Woohouse birdhouse in MDF is a build-it-yourself model designed for gardening projects and nature activities. Its simple pitched shape with a circular entrance on the front provides shelter for small birds. The MDF construction makes it easy to assemble and to finish — paint or varnish as required. Dimensions: 17.5 x 12 x 3.4 cm.

The interlocking panel design allows assembly without visible screws and gives a tidy, stable result; the flat front and base are ideal surfaces for decoration or branding. Maintenance consists of occasional cleaning of the interior if used as an active nest. Suited to craft workshops, schools and promotional events.

Personalise this personalised birdhouse using DTF printing, doming, laser engraving or pad printing. Recommended for businesses, clubs, associations and private customers. Minimum order: 10 pieces (colours and sizes combined).
