Carton	200 pieces

DESCRIPTION

The Daria multifunctional tube in PET microfibre features a seamless tubular cut to wear as a scarf, neck gaiter, hood or beanie. Measuring 47x25cm, its stretch fabric offers a comfortable fit and easy packability. Available in several colours, for example black and blue, it's suited to everyday and active use.

The smooth finish and discreet edges provide a clean look around the neck or head; the fabric's regular folds make conversion between styles straightforward. Care is simple — hand wash or machine on a gentle cycle and avoid harsh agents to keep elasticity intact.

Customise this personalised multifunctional tube using flex, multicolour transfer or DTF printing. Recommended for companies, sports clubs, associations, events and private customers seeking a practical promotional item. Minimum order: 100 pieces (colours and sizes combined).
