DESCRIPTION

10 x 8 cm PVC badge holder designed to accommodate a standard-size ID card or paper insert. The rectangular shape and welded edges protect the insert while keeping the holder slim enough for comfortable wear on a lanyard or clip. The clear PVC keeps the card fully visible and can be wiped clean with a damp cloth.

The top section features a central oval slot and two circular holes, allowing different attachment options (lanyard, clip, retractable reel). Reinforced edges provide reliable everyday durability and the card can be inserted easily from the side opening.

This personalised badge can be marked by pad printing or digital printing, suitable for single-colour prints on PVC. Ideal for trade shows, conferences, corporate events, clubs and associations. Minimum order: 1000 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
