DESCRIPTION

The Badgo is a PVC badge holder measuring 7.5 x 12.5 cm, designed to take a portrait-format ID card. Its flat profile and clear window provide easy visibility of the insert while protecting the paper from moisture and wear. Suitable for events, trade shows, conferences or everyday corporate use.

The holder features an attachment slot at the top for connecting a lanyard or clip; edges are welded to keep the card secure. The top opening allows quick insertion and removal of the badge while ensuring a reliable hold. Simple to maintain—clean with a damp cloth.

Customisation available by pad printing (tampography) or digital printing on the upper area or via a printed insert. Ideal for companies, clubs, associations, event organisers and private customers. Minimum order: 1000 pieces (colours and sizes combined); smaller quantities may be possible with additional fees.
