Material	Metal
Average weight	4.56
Dimensions	22 x 6 x 15CM
Country of origin	China
Carton	4 pieces

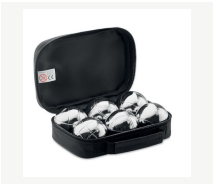

DESCRIPTION

The Otho boules set is an outdoor game composed of six metal boules stored in a zipped polyester 600D carry case. Each boule is 73 mm in diameter and weighs approximately 730 g, providing a solid feel and consistent throwing behaviour. The compact case (22 x 6 x 15 cm) includes a handle for easy transport and neat storage.

The shiny metal finish of the boules and the durable stitching of the case are suited to regular use on grass or gravel. The zip closure and internal layout keep the boules secure during transit. Care is straightforward: wipe the boules clean and allow the case to dry before storing to prevent moisture build-up.

This personalised outdoor game can be customised for companies, sports clubs, associations, schools or private events. Marking options include flex, multicolour transfer, DTF printing and laser engraving to match different looks and budgets. Minimum order: 2 pieces (colours and sizes combined). Free quote in 24 h on weekdays and a graphics studio is available to prepare or vectorise your logo.
