DESCRIPTION

The America Touch sunglasses feature a PC frame in a classic wayfarer shape, designed for outdoor and leisure use. The mirrored lenses provide UV400 protection and the unisex cut suits companies, clubs and events. The model comes in several colours — for example black, blue, transparent — and measures 14 x 4 x 14 cm for compact storage.

The photo shows a semi-transparent frame with contrasting temples and mirrored lenses, indicating a clean finish and comfortable fit behind the ears. The pair is lightweight and simple to care for: wipe lenses clean and store in a case to protect the mirror coating and frame.

These personalised sunglasses can be decorated by doming or pad printing. Ideal for businesses, associations, sports clubs, events and promotional gifts. Minimum order: 125 pieces (colours and sizes combined); lower quantities can be considered with additional fees. Free quote within 24 hours on weekdays from our studio in Evere, collection or delivery available in Belgium, France and Luxembourg.
