## DESCRIPTION

The Hammaca is a PET-cotton hammock designed for outdoor relaxation. Measuring 194 x 81 cm with a weight capacity up to 120 kg, it suits a single user and pairs the natural feel of cotton with the strength of polyester. It comes with a matching carry cover for transport and storage. This model is available in 1 colour (beige) and is sold with a minimum order of 5 pieces (colours and sizes combined).

The supplied image shows the traditional layout with wooden spreader bars and braided suspension ropes that distribute load evenly; the fabric hangs smoothly without prominent stitching across the lying area. Care should be limited to gentle brushing or spot cleaning according to the manufacturer’s instructions to preserve the fabric.

Customisation is available for a personalised hammock using flex, screen printing on items, multicolour transfer or DTF printing. Suitable for businesses, sports clubs, associations, events and private customers looking for a promotional or practical item. Minimum order: 5 pieces; free quote within 24 hours on weekdays.
