## DESCRIPTION

The Sopla bubble tube is a small cylindrical outdoor toy holding 30 ml (Ø3 x 13 cm), designed for easy use by children at events. It features a flip-top cap and an internal wand with three rings for consistent bubble production. The container holds bubble solution and is lightweight, making it easy to carry in bags or hand out at activities; rinse the wand and close the cap after use to reduce evaporation.

Offered in several colours, for example red, turquoise and lime, the tube has a screw neck with a clip-on lid that helps prevent leaks during transport. Its compact size makes it suitable for outdoor games, school events, parties and promotional giveaways.

Order this personalised outdoor toy with digital printing, doming or pad printing depending on the print area and finish. Minimum order quantity: 100 pieces (colours and sizes combined). Well suited to companies, clubs, associations, events and private customers seeking a playful branded item.
