DESCRIPTION

Compact wooden chopping board, the Petit Ellwood features rounded corners and a smoothly sanded finish. At 22 x 12 x 1.2 cm it is ideal for slicing bread, preparing garnishes or presenting canapés. The solid wood surface is easy to wipe clean; hand washing is recommended to preserve the material. Its minimalist shape suits both professional kitchens and home use.

The board comes in several natural wood tones and shows neat sanded edges visible on the sides and surface. The rectangular profile without a handle provides maximum usable area, while the rounded corners make it comfortable to handle and store. There are no additional fittings or compartments, keeping the design practical and durable.

Customisation is available by laser engraving or pad printing and this chopping board is suitable for businesses, caterers, clubs, associations, events and private customers. Minimum order: 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production and express options offered. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg. Our design studio can vectorise your logo before marking.
