DESCRIPTION

Unisex drawstring bag in PE designed for visibility, offered in several colours (e.g. fluorescent yellow). Its simple, lightweight cut (36x40cm) makes it suitable for carrying daily essentials or event materials. The bag features a horizontal reflective strip sewn around the body to improve safety in low-light conditions. Reinforced lower corners and metal eyelets reduce wear from the cords.

The closure is a pull cord that also serves as shoulder straps; the corner reinforcements add durability and shape. Care is limited to spot cleaning—avoid aggressive washing to protect the reflective band. Size is practical for folders, a water bottle and lightweight clothing.

Customisation available by screen printing, multicolour transfer, DTF printing or flex. Ideal for companies, sports clubs, associations, events and individuals. Minimum order: 100 pieces (colours combined) — smaller quantities can be produced for an additional fee. Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in BE/FR/LUX.
