DESCRIPTION

The Imba house-shaped keyring is a compact, sturdy accessory made from stainless steel with an ABS inset, offering a two-tone look and good everyday durability. At 4.1 x 0.4 x 3.8 cm it remains discreet in a pocket or bag, making it suitable for promotional giveaways, client gifts or property handovers. The metal split ring provides secure attachment for keys.

Available in several colour options — for example black, red or white — the keyring has a flat face that produces precise markings. Care is straightforward with a soft cloth; avoid abrasive cleaners to maintain the finish. Minimum order: 100 pieces (colours and sizes combined).

Customise this personalised keyring using laser engraving or pad printing to achieve the desired visual. Ideal for businesses, estate agents, associations and events; we provide a free quote and production adapted to your required quantities.
