DESCRIPTION

Compact individual outdoor spray bottle in ABS designed to cool the face during warm outdoor activities. The plastic construction with a visible reservoir makes refilling straightforward and hygienic; its compact dimensions (Ø4 x 20.5 cm) mean it is easy to handle and suitable for the beach, festivals or outdoor stands. Cleaning is simple — rinse and refill, avoid harsh solvents to protect the material.

The Ibiza model features an angled nozzle and a clear trigger button for directional misting, and includes a wrist strap for easy carrying. The transparent body shows the water level for quick checks, and the elongated shape gives a secure grip while taking up little storage space in a bag or event kit.
