Large Inflatable beach ball

Ref. 8956

Reference	8956
Composition	PVC
Material	PVC
Average weight	0.112
Dimensions	Ø40CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Inflatable beach ball in PVC, with a filled diameter of Ø40CM. Intended for outdoor leisure and promotional events, it provides a lightweight, bouncy feel suitable for group play. The PVC construction is water-resistant and simple to clean—rinse off sand and dirt after use.

The ball shows visible seams between panels and a standard inflation valve for quick inflate/deflate. Its regular spherical shape ensures predictable play and easy storage when deflated. It is available in several colours (e.g. white) depending on stock.

Customisable for companies, sports clubs, associations and events using screen printing, multicolour transfer, flex and DTF printing. Please note this product cannot be ordered per piece: minimum order 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere studio or delivery in Belgium, France and Luxembourg.
