DESCRIPTION

The Campo De Fiori shopping bag is made from laminated jute with a front canvas panel and long cotton handles, sized 42 x 19 x 33 cm for stable, everyday use. Its rectangular shape and flat base give it good structure, making it practical for shopping, giveaways and retail use. The cotton straps are long enough for shoulder carry and the material can be spot-cleaned as needed.

Details that matter: reinforced stitching at the sides and base for load support, handles stitched to the upper edge for durability. The jute construction provides a natural look and a sturdy feel suitable for repeated use at events or on point-of-sale displays.

Customisation available by DTF printing, flex, screen printing on objects and multicolour transfers. Suited to companies, clubs, associations, events and private customers looking for personalised shopping bag options. Minimum order: 25 pieces (colours and sizes combined). Our studio can retouch or vectorise your logo for production.
