DESCRIPTION

Parana large sports bag in PET, 57x24x35 cm, designed for training sessions and short trips. The elongated holdall shape features an adjustable, removable shoulder strap and reinforced carry handles with a padded grip for comfortable carrying. A top zip gives access to the main compartment while a front zip pocket offers quick storage for small items.

The image shows useful practical details: an external mesh pocket for a bottle or accessories, side compartments and reinforced seams for sturdiness during transport. Care is limited to spot cleaning to preserve the PET material; avoid aggressive treatments. Its size and shape make it suitable for teams and short business or leisure trips.

This personalised sports bag can be marked by flex, screen printing on objects, multicolour transfer and DTF printing. Recommended for companies, sports clubs, associations, events and individuals who want a branded bag. Minimum order: 10 pieces (colours combined).
