DESCRIPTION

The Shieldoc passport holder in PET is a compact travel accessory for organised journeys. Measuring 10.5 x 0.6 x 14.5 cm, it slips into pockets and bags while offering a discreet, durable finish with stitched edges visible in the photo. The RFID security provides added protection against contactless scanning.

Designed with a straightforward folding construction, the holder keeps the passport secure without an external closure. Reinforced stitching enhances durability and the interior offers standard slots for passport and cards. Care is simple — wipe with a damp cloth to clean.

This personalised travel accessory can be marked by screen printing, multicolour transfer, DTF printing, flex or embossing. Suitable for companies, clubs, associations, events and private customers looking for a practical promotional item. Minimum order: 50 pieces (colours and sizes combined) — the product is not sold per piece; smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays and a graphic studio is available to retouch or vectorise your logo.
