DESCRIPTION

The Slate4 coasters come as a set of four, crafted from natural slate with an EVA backing for surface protection. Their square shape and compact dimensions of about 10 x 10 x 0.3 cm provide a stable base for glasses and mugs. The slate shows a mineral texture and rough-cut edges that give a natural, tactile appearance while remaining practical for everyday use.

The matte slate surface copes well with normal wear, and the EVA base prevents table scratches. Their slim profile makes them easy to stack and store, making them suitable for cafés, offices and corporate gifting. The item is offered in several finishes within the catalogue to suit different settings.

These personalised coasters can be marked by laser engraving, pad printing or digital printing depending on the desired finish. Ideal for companies, hospitality venues, clubs, associations and private customers looking for a branded accessory or gift. Minimum order: 10 pieces (colours and sizes combined); free quote within 24 hours on weekdays and express production available for items in stock.
