3W wireless speaker

Ref. 9155

Reference	9155
Composition	Aluminium
Material	Aluminium
Average weight	0.137
Dimensions	Ø7 x 4,3 CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

Compact aluminium wireless speaker designed for portable use. Its round shape with a protective top grille and a light at the base makes it easy to handle while the control buttons are positioned around the lower rim. Measures Ø7 x 4.3 cm, includes a rechargeable Li-ion battery and micro-USB cable for convenient on-the-go use. The aluminium body gives a refined look and should be wiped clean with a soft cloth.

The speaker features a dividing line around the casing that clarifies the design and provides easy access to the base controls. Its small footprint is convenient for desks, trade stands or as a corporate gift. Output: 3W (4 Ohm, 5V), combining audio playback with an integrated light for simple visual feedback.

Customisation available by laser engraving, pad printing (tampography), doming or screen printing on objects. Minimum order: 25 pieces (colours and sizes combined). Suited to companies, events, clubs and associations looking for a personalised speaker for promotional use. Free quote and graphic studio services offered.
