Reference	9186
Composition	Metal
Material	Metal
Average weight	0.027
Dimensions	9.5 x 2 x 0.4CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Metal keyring shaped like a wrench, designed for everyday use. Its elongated profile and worked ends remain compact (9.5 x 2 x 0.4 cm) while providing a secure grip for attaching to a key set or using as a bottle opener. The metal construction offers robustness and easy care — a quick wipe with a soft cloth preserves the finish.

The Wrenchy keyring comes with a standard split ring securely fixed to the main piece; the visible attachment makes fitting straightforward. Available in 1 colour: argent.

This personalised keyring can be finished with doming, laser engraving or pad printing depending on the desired look. Suitable for businesses, sports clubs, associations, events and private gifts. Minimum order quantity: 100 pieces (colours and sizes combined). We provide a free quote and a graphic studio to prepare or vectorise your logo.
