Reference	9196
Composition	Silicone
Material	Silicone
Average weight	0.058
Dimensions	Ø7,5 x 1,5 CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

The Cup Pill is a collapsible silicone cup designed for on-the-go use with an integrated pill compartment in the lid and a carabiner for easy attachment. Its foldable design (Ø7.5 x 1.5 cm when folded) reduces bulk and the flexible material makes it easy to store. Comfortable to hold and simple to clean with soapy water, it is suitable for occasional drinking during outdoor activities or travel.

The lid houses a sealed pill compartment to keep tablets secure and the carabiner allows attachment to bags or belts. The compact format fits in a pocket or travel kit, useful for events, trade shows or promotional packs. Available in several colours, for example blue, among other shades depending on stock.

Customisation available by personalised Soins using screen printing, pad printing, digital printing or doming. Recommended for companies, sports clubs, associations, events and private customers; minimum order 100 pieces (colours and sizes combined).
