DESCRIPTION

This Visible Ring keyring in the shape of a safety vest is made from flexible PVC and comes in several colours, including Fluorescent Yellow and Fluorescent Orange. Measuring 4.3 x 0.2 x 6 cm, it is compact and designed to attach to keys, bags or belts. The PVC construction is durable for everyday use and easy to clean with a damp cloth.

The keyring is fitted with a short metal chain and split ring for simple attachment. Moulded reflective bands improve low-light visibility without added fragile parts. Its flat profile keeps it unobtrusive in a pocket while remaining visible when worn on the outside.

Customisation is available by pad printing (tampography). This personalised keyring is suitable for companies, sports clubs, associations, events and private customers. Minimum order: 1000 pieces (colours and sizes combined).
