DESCRIPTION

Children's color-your-own backpack, model Backsketchy, designed for younger users. Compact dimensions (21 x 9 x 26 cm) in PET-PVC with a front panel intended for colouring; the backpack fastens with a zip and has two adjustable shoulder straps for comfortable wear. The product is offered in one colour (turquoise) and comes with five felt-tip pens to personalise the printed panel. Clean with a damp cloth, taking care with the PET-PVC material.

The front panel features black outline illustrations ready for colouring, and the visible finishing shows a simple cut with good shape retention for school or event use. The interior provides space for a notebook and small items, and the compact size suits nursery schools and activity sessions.

This item works well as a personalised writing and colouring product: multicolour transfer, DTF printing and flex can be used to add a logo or design before distribution. As a promotional item it has a minimum order of 25 pieces (colours and sizes combined) — smaller quantities can be produced with additional fees. Suitable for companies, clubs, associations, schools and private customers; our graphic studio can retouch or vectorise your logo.
