Shower Timer (4min)

Ref. 9211

Reference	9211
Composition	Soda-lime glass
Material	Soda-lime glass
Average weight	0.01
Dimensions	Ø2,5 x 6CM
Country of origin	China
Carton	1000 pieces

DESCRIPTION

The Quickshower hourglass times roughly 3.5–4 minutes and is manufactured from soda-lime glass. It features a suction cup for secure attachment to tiles or other smooth surfaces, and its compact tubular shape (Ø2.5 x 6 cm) ensures a stable vertical position and easy reading — suitable for individual shower use or changing-room facilities.

The design is straightforward: a glass cylinder with end caps and a suction fitting, no mechanical parts to service. Care is limited to rinsing or gently wiping to remove limescale and water marks. Available in 1 colour option (e.g. blue), it is a small, portable accessory that can be repositioned as needed.

This non-textile item can be personalised by digital printing, doming or pad printing (tampography) depending on the desired finish. Minimum order: 500 pieces (colours and sizes combined). Suited to businesses, sports clubs, associations and events — our studio can retouch or vectorise your artwork prior to production.
