Country of origin	China
Carton	25 pieces

DESCRIPTION

This 600 ml Tritan bottle is a practical, lightweight option for taking water to work, on the move or to sports activities. Its durable Tritan construction resists impact and is not suitable for carbonated drinks. Available in several colours such as Transparent, Blue Transparent and Grey Transparent, the Aspen bottle measures Ø6 x 25 cm and slips easily into a bag or cup holder. The stainless steel cap and base add rigidity and a refined look.

The screw cap ensures a leak-proof fit, the widened base improves stability and the translucent body lets you check the fill level at a glance. Its slim, ergonomic profile is comfortable to hold. Simple care: rinse with warm water to maintain the Tritan finish.

Customisable by DTF printing, screen printing for objects, pad printing or laser engraving, this personalised bottle suits companies, sports clubs, associations, schools and individuals looking for promotional items or gifts. Minimum order: 13 pieces (colours and sizes combined) — smaller quantities can be produced with additional fees. Our studio can retouch or vectorise your logo.
