Reference	9298
Composition	Cork
Material	Cork
Average weight	0.013
Dimensions	Ø10 x 0.5CM
Country of origin	China
Carton	1000 pieces

DESCRIPTION

These round cork coasters (Bierpon model) protect surfaces from cups and glasses while adding a natural touch to a table setting. Made from cork, they are lightweight and resist surface moisture; dimensions are Ø10 x 0.5 cm, a practical size for most glasses and mugs. Because cork is a natural, porous material, printed results can vary from item to item.

The coaster is flat with a subtly textured cork surface as shown, easy to wipe clean. Cork provides slight cushioning and helps reduce condensation marks, making it suitable for hospitality, offices and events where understated, functional protection is required.

These personalised coaster options include embossing, laser engraving, screen printing and digital printing depending on the desired finish. Ideal for businesses, cafés, associations and corporate gifts. Minimum order: 500 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
