DESCRIPTION

Compact wooden cube pot (7.5 x 7.5 x 7.5 cm) designed for growing a small herb: a tablet of substrate and mint seeds are included. Its simple wooden faces and compact shape provide a natural, understated look suitable for indoor use on a windowsill or as a small welcome gift. The central opening is sized to accommodate the supplied soil tablet for straightforward watering and germination. Maintenance is minimal: water sparingly and keep in indirect light.

The Menta model is presented in a natural wood finish with printed cardboard packaging; the construction shows clean edges and a practical, lightweight build. Its small footprint makes it easy to handle and store, appropriate for promotional campaigns, workshops or event giveaways.

Have this personalised gardening item branded using DTF printing, laser engraving or pad printing depending on the desired look. Recommended for companies, clubs, associations, events and private customers. Minimum order: 53 pieces (colours and sizes combined); free quote within 24 hours on weekdays.
