DESCRIPTION

The Pany lanyard is made of PET, 20 mm wide and 92.5 cm long, designed to carry badges or keys. It features a safety break at the neck and a metal swivel hook for secure attachment. The flat construction gives a smooth finish and robust wear for regular use, and it comes in several colours such as orange, black and blue.

The metal fitting and safety buckle provide practical, everyday reliability — suitable for receptions, trade shows and events where durability matters. Its slim profile keeps it comfortable to wear and easy to store when not in use.

Personalise this personalised lanyard using screen printing (object), multicolour transfer, DTF printing, flex or sublimation. Recommended for companies, clubs, associations, events and schools. Minimum order quantity: 500 pieces (colours and sizes combined). Our studio can retouch or vectorise your logo before production.
