Aluminium/ABS LED key ring

Ref. 9381

Reference	9381
Composition	Aluminium
Material	Aluminium
Average weight	0.03
Dimensions	Ø1,7 x 6,5 CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Compact LED keyring with an aluminium body, unisex and practical for everyday carry. The cylindrical shape (Ø1.7 x 6.5 cm) is pocket-friendly and includes a small carabiner clip for attaching to bags or keys. Four LR44 batteries are supplied; the metal construction keeps it lightweight while giving a solid feel.

The screw cap protects the LED and provides easy on/off operation, with knurled details on the cap for grip. Its small dimensions make it suitable for trade shows, events and promotional packs where space is limited. Available in 1 colour, for example silver.

Customisation is done by laser engraving: your logo is engraved into the aluminium and becomes visible when the LED is on. Ideal for companies, clubs, associations, events and promotional gifts. Minimum order: 100 pieces (colours and sizes combined). Free quote within 24 hours on weekdays, in-house studio to vectorise your logo, collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
