DESCRIPTION

Double-walled stainless steel bottle with a bamboo outer finish, slim unisex design (Ø6.5 x 20.7 cm) and 400 ml capacity. The double-wall construction helps reduce condensation and provides a comfortable grip. The bamboo cladding gives a natural look while the stainless steel interior ensures durability. Care is straightforward: hand wash and leave the mouth open to dry.

The bottle features a screw lid with a seal to minimise leaks and a flat base for good stability. An integrated tea infuser makes it suitable for hot brews or infused drinks. The smooth bamboo surface is well suited to decoration, though natural variations in the material may occur.
