Country of origin	China
Carton	1000 pieces

DESCRIPTION

Metal phone ring stand, model Drop Ring, designed to attach to the back of a smartphone to improve grip and provide a hands-free support. Manufactured from a zinc alloy with a matte finish, it offers comfortable handling and smooth rotation. Compact dimensions Ø3 x 3.5 cm and fitted with a 3M adhesive pad on the back for reliable attachment to most smooth cases and surfaces. Care is straightforward: wipe with a soft cloth and avoid abrasive contacts to protect the adhesive.

The rounded ring allows a finger to pass through for secure holding and doubles as a landscape stand. The low-profile base minimises added bulk while the central hinge ensures effortless movement. Lightweight and discreet, suitable for everyday office use, promotional events or on-the-go.

Customisation available by laser engraving, pad printing (tampography) and doming; this personalised computer accessory is suitable for companies, clubs, associations, events and corporate gifts. Minimum order: 500 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; our studio can prepare or vectorise your artwork.
