Reference	9446
Composition	ABS
Material	ABS
Average weight	0.037
Dimensions	Ø7 x 1 CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Round wireless charger in ABS, model Wireless Plato, designed to top up a smartphone by simply placing it on the pad. Compact (Ø7 x 1 cm), it connects to a computer via USB cable and provides an output of DC5V/1A (5W). The low-profile, flat surface ensures stable placement and a small LED indicates charging status. Available in several colours, including Black and White.

The ABS construction gives a smooth, durable finish suited to everyday handling. With no moving parts, the charger is easy to use and maintain — a microfibre cloth will remove dust and marks. Practical for use on desks, reception areas or at events.

Customisation available by pad printing (tampography) and digital printing on the central area. Minimum order: 50 pieces (colours and sizes combined). Recommended for businesses, events, associations, clubs and corporate gifts seeking personalised wireless chargers.
