DESCRIPTION

This wooden tic-tac-toe game is designed for indoor play and small hands. Made from natural wood, it comprises nine small cubes housed in a neat sliding box; the compact dimensions (7 x 7 x 2.5 cm) make it easy to handle and store. The wooden material gives a tactile, sturdy feel and can be wiped clean with a dry or slightly damp cloth. Available in several wood finishes.

The flat faces of the cubes ensure clear X and O markings and simple gameplay, while the protective box keeps pieces together when not in use. Its modest size makes it suitable for classroom activities, event giveaways, travel or family use.

This personalised indoor game can be marked by laser engraving or pad printing. Minimum order: 40 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and offer a graphic studio service to retouch or vectorise your logo. Ideal for businesses, clubs, schools, associations and individuals seeking a playful, durable promotional item.
