Country of origin	China
Carton	1600 pieces

DESCRIPTION

The "Buds To Go" is a practical travel accessory consisting of a PP tube and a pair of earplugs designed to reduce noise during travel, sleep or noisy events. The cylindrical container measures Ø2.3 x 6.3 cm, closes securely and includes a small ball chain for attaching to a bag or keyring. Lightweight and compact, it fits easily in a washbag or pocket.

The visible finish shows a simple snap-cap container with a metal chain attachment. The case protects the earplugs when not in use and keeps them hygienic on the move. Minimal care is required: rinse the tube if needed and replace the earplugs as they wear.

This product can be personalised as a personalised travel accessory using tampography and digital printing, suitable for companies, clubs, associations, events and promotional gifts. Minimum order: 800 pieces (colours and sizes combined). Our design studio can retouch or vectorise your logo.
