Average weight	0.015
Dimensions	35 x 4.5CM
Country of origin	China
Carton	500 pieces

DESCRIPTION

Sport armband in PET-PA with an elastic tubular cut designed to stay in place during activity. Measuring 35 x 4.5 cm and fitted with high-visibility features, it is suitable for runners, cyclists, event staff and volunteers working outdoors. The PET-PA construction is lightweight and hard-wearing; it can be hand-cleaned if required. The Visible Me model avoids rigid parts for comfortable wear over or under clothing.

The armband shown includes two reflective bands running along its length to improve visibility in low light or at night. Its width allows clear marking without restricting arm movement, and the stretchy material accommodates a range of arm sizes without complex adjustment.

Personalise this personalised armband using flex, screen printing on object, multicolour transfer or DTF printing. Suitable for companies, sports clubs, associations, schools and events. Minimum order: 250 pieces (colours and sizes combined). Our graphic studio can vectorise your logo prior to production.
