DESCRIPTION

This personalised bottle (model Iceland) is a double-walled stainless steel bottle designed for daily use and promotional purposes. Its slim profile and matte powder-coated finish, with a brushed stainless steel lower section visible in the image, provide a durable feel. The 600 ml capacity and silicone carry loop attached to the cap make it easy to transport, while the leak-proof construction keeps contents secure.

The screw cap in stainless steel and the flexible silicone handle aid handling and carrying. The double-wall construction improves insulation and reduces external condensation, making it suitable for office use, travel and outdoor activities. It is straightforward to clean and intended for regular use.

Customisation is possible from 12 pieces, using laser engraving, screen printing on objects or pad printing to achieve the desired branding. Recommended for companies, clubs, associations, events and private customers. Available in several colours, for example Black, White or Royal Blue. personalised bottle
