DESCRIPTION

Compact substrate block with mint seeds, in a cube format 10 x 10.5 x 1.5 cm, designed for small gardening projects or promotional giveaways. By adding 300 ml of water you obtain about 1 litre of ready-to-use substrate; the composition is listed as “other”. The product is not textile and its flattened, compact shape makes it easy to store and ship—suitable for indoor planting, event distribution and green marketing kits.

The photograph shows a neatly packed block that retains its shape and fits well in gift sets or display trays. Its small footprint is practical for trade shows, workshops or welcome packs. Use is straightforward: hydrate with the recommended water volume, allow the block to expand, then sow the mint seeds.

This personalised gardening product can be customised by digital printing, doming or pad printing and is suitable for companies, sports clubs, associations, events and individuals. Minimum order: 90 pieces (colours and sizes combined) — smaller quantities are possible with additional fees. Free quote within 24 hours on weekdays; standard production and options for collection at our Evere workshop or delivery to Belgium, France and Luxembourg.
