Reference	9568
Composition	Metal
Material	Metal
Average weight	0.197
Dimensions	6 x 16 x 1.5CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

Set of 24 precision screwdrivers presented in a compact magnetic ABS case, suitable for small repairs and electronics. The bits are metal and stored in a push-slide tray that holds them securely. Compact dimensions 6 x 16 x 1.5 cm make it easy to carry in a toolbox, drawer or workshop bag; care consists of wiping the case and checking the bits after use.

The case opens with a push mechanism that releases the bit holder; the slim, practical design simplifies transport and storage. The sliding tray provides quick access to the bits without scattering them, and the case protects components during transport.

This personalised tools item can be printed for companies, clubs, associations, events and corporate gifts using tampography or digital printing on the case. Minimum order: 25 pieces (colours and sizes combined). A useful, reusable promotional item.
