Country of origin	China
Carton	50 pieces

DESCRIPTION

This compact wireless speaker with a bamboo casing combines a natural look with practical features for promotional use. The cylindrical design (Ø6 x 5 cm) includes a metal mesh on top and a black plastic base housing the controls, SD card slot, AUX/USB port and a rechargeable lithium battery. It supports hands-free calling and is easy to carry, making it suitable for desks, stands and small events. Note that bamboo is a natural material and may show slight variations in grain and shade.

The wooden finish provides an attractive appearance and the base contains playback controls and an LED indicator. Wipe with a soft cloth and avoid immersion. Its small footprint makes it convenient as a giveaway item or part of client kits, while remaining sturdy enough for regular promotional use.

Personalise this personalised speaker using laser engraving, pad printing (tampography) or doming. Minimum order: 25 pieces (colours and sizes combined). Appropriate for companies, clubs, associations, events and private customers; our graphic studio can retouch or vectorise your logo.
