Double wall travel cup

Ref. 9618

Reference	9618
Composition	Stainless steel
Material	Stainless steel
Average weight	0.204
Dimensions	Ø8 x 17.5CM
Country of origin	China
Carton	24 pieces

DESCRIPTION

This double-walled stainless steel travel mug (400 ml, Ø8 x 17.5 cm) provides a secure grip and effective insulation for hot and cold drinks. Unisex design with a black PP lid and a neat metallic finish. Available in several colours, for example Black, Red or Matt Silver.

The slightly tapered shape fits most cup holders. The double-wall construction limits condensation and improves thermal retention compared with a single wall; the material is straightforward to hand-wash. Minimum order quantity: 12 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees.

Customisable by laser engraving, screen printing on objects and pad printing. This personalised travel mug is suitable for companies, sports clubs, associations, events and corporate gifts. Free quotation within 24 hours on weekdays; standard production 10 working days, collection from our Evere workshop or delivery in Belgium, France and Luxembourg. Our design studio can edit or vectorise your logo.
