Reference	9636
Composition	Borosilicate glass
Material	Borosilicate glass
Average weight	0.358
Dimensions	Ø6 x 24CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

This borosilicate glass bottle, model Utah Tea, holds 500 ml and is designed for infused and hot beverages. It features a removable stainless-steel infuser and comes with a neoprene sleeve. Its slim profile (Ø6 x 24 cm) and metal screw cap provide a secure grip and a neat finish. Not suitable for carbonated drinks; laser engraving is not possible on borosilicate glass.

The supplied image shows the internal cylindrical infuser at the base and a wrist strap attached to the cap for easy carrying. The neoprene sleeve protects the bottle and gives light insulation. The product is described as leak-resistant, making it practical for daily use at the office, commuting or light outdoor activities.

Personalise this personalised bottle for companies, clubs, associations or events: available decoration methods include digital printing, doming, pad printing, screen printing for objects, multicolour transfers, DTF printing and flex on compatible parts (note: laser engraving cannot be done on borosilicate glass). Minimum order 15 pieces (colours and sizes combined); free quote within 24 hours on weekdays and a design studio can retouch or vectorise your logo.

COLOURS (1)

Black
