DESCRIPTION

This PVC badge holder, model Clipbadge, is designed for professional use at events, conferences and meetings. The rigid pocket measures 9.5 x 8 cm and keeps an ID card visible and protected while remaining lightweight and easy to wear. The PVC construction provides durable handling; the metal clip with transparent strap allows secure attachment to clothing or a lanyard.

The horizontal format and the two fixing holes ensure stable mounting and compatibility with various attachment systems. The metal clip fastens firmly and the top-loading pocket makes card insertion straightforward. Practical and unobtrusive, this badge holder is suited to everyday use in companies, clubs and associations.

Personalised by pad printing, this badge holder is available for corporate orders, associations, schools, clubs and events. Minimum order: 750 pieces (colours and sizes combined); smaller quantities can be produced but may incur additional fees. Free quotes within 24 hours on weekdays and a graphic studio is available to prepare or vectorise your artwork.
