DESCRIPTION

The Tekapo cap is a 6-panel baseball cap in heavy brushed cotton (270 g/m²) with a classic structured fit. It comes in size 7 1/4 and features a curved peak and reinforced seams for reliable wear. The cotton fabric feels substantial and comfortable for everyday use; gentle washing and air drying are recommended to maintain the material.

The cap includes an adjustable metal buckle closure and a rear opening for size adjustment. The peak has a neat piped edge and six eyelets provide basic ventilation. With compact dimensions (22x17x16 cm), it is suitable for coordinated stock management and professional branding.

Order a personalised cap for companies, sports clubs, associations or events. Available marking techniques include embroidery, flex, screen printing on objects, multicolour transfer and DTF printing to reproduce logos cleanly and durably. Please note a minimum order of 75 pieces (colours and sizes combined). Our studio can also vectorise or retouch your logo.
