DESCRIPTION

Compact wireless charger in ABS-PC designed to recharge a smartphone placed directly on its surface. Output DC5V/1A (5W) allows simple charging when connected to a computer USB port or a compatible power source. Slim profile and small footprint (Ø7 x 0.8 cm) make it discreet on a desk or at events.

The unit features a smooth finish and a small indicator LED on the edge to show charging status. It is powered via a cable connection; its low profile makes it convenient to carry. Available in several colours, including white.

Customisation available by digital printing or pad printing (tampography). Ideal as a promotional giveaway for companies, clubs, associations and events. Minimum order: 100 pieces (colours and sizes combined). Our graphic studio can adjust or vectorise your logo; free quote within 24 hours on weekdays, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
